

Ridgway ROCC Parking Lot Sale

Saturday, May 16, 2015 8:00 - 3:00

Sponsored by ROCC - Ridgway-Ouray Community Council
Now part of the Great Coast-to-Coast Highway 50 Garage Sale

Location and directions Ridgway, Colorado

The sale is on the land behind the Ridgway Public Library along Railroad St (north of Town Hall and the library).

Space allocation and cost

It is not necessary to reserve a space. Space allocation is done on a first-come, first-served basis. Exhibitors may take as many spaces as they wish, but should expect to pay \$15 for first 10' x 10' booth and \$10 for each additional booth.

Example: A vendor utilizes three full spaces, with a bed that extends into a fourth space. This means the space cannot be used, or is unlikely to be used, by another exhibitor. The exhibitor is assessed and pays \$45 (\$15+\$10+\$10+\$10) for four spaces.

Vehicles/trailers and traffic flow/setup

Vendors may bring their vehicles and trailers into the exhibit area **briefly to unload before the 8:00 start time**. Exhibitor vehicles should enter the exhibit area at the north end farthest from the library and exit using the south end (closest to the library). **By 8:00 am, all vehicles should be out of the exhibit area and parked on the street. If you do not remove your vehicle or trailer, please understand you are opting to pay for the space it occupies.**

Parking

Please park only on the street. **Do not park in the vacant lot west of exhibits.** That land is private property and the owner has specifically requested it not be used for parking.

Nonprofits

ROCC awards up to two complimentary spaces to qualified nonprofits participating in the sale to raise funds. It is not necessary to make prior arrangements before the sale.

Allow library patrons access

It is essential that library parking – directly behind the library on its north side – remain open and accessible to patrons. We ask that vendors do not enter or use this area of the parking lot.

Example: A vendor uses one 10' x 10' space (\$15) for household goods and has heavy furniture and equipment on a flatbed truck he wants to park in the exhibit area adjoining his booth. The truck occupies the equivalent of three booth spaces (\$30). He pays \$45.

Donating/removing leftover goods

Second Chance Thrift Shop officials will be on site at the community garage sale from 10 am on to receive any unsold items exhibitors wish to donate. Second Chance no longer accepts any kind of electronic equipment and may refuse other items it considers unsalable.

Exhibitors are responsible for removing all items after the sale. Please keep in mind ROCC is a volunteer organization and not equipped to do this for you.
